## About RCB Solutions

RCB Solutions is a multi-disciplinary, turnkey solution provider with two decades of experience working on a great many projects across South Africa in the sectors of Information Technology, IoT, Renewable Energy, Standby Power, Security and Fire Safety.

Under the profound leadership of its CEO, Mr. Riaan Meyer, RCB Solutions has grown from its initial focus on Data Centres to providing a vast portfolio of services on a national level. New departments, divisions and expertise are continuously added in its mission to become a key national player as a problem solver and solution provider.

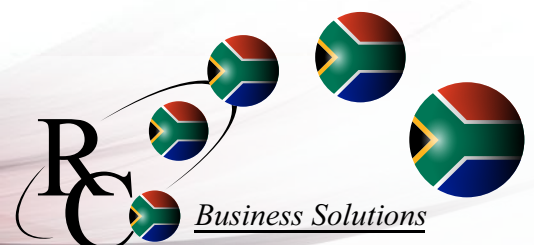

Mr. Meyer firmly believes in placing the client first and has calibrated the company around the key principles of competitive pricing, excellent client service, long-term relationships and rapid turnaround times on projects and quotations.

As a company that is proudly South Africa, RCB is also an enthusiastic supporter of equality and empowerment and can proudly declare that it has reached BBBEE Level 2 contributor status.

RCB Solutions is continuously growing as it moves ever onward and upward. Become part of the journey - give RCB Solutions the opportunity to partake in your next big project and discover for yourself the client-centric service and solutions that have formed the foundation of RCB's success.
